#### SUMMARY OF TELEPHONE INTERVIEW

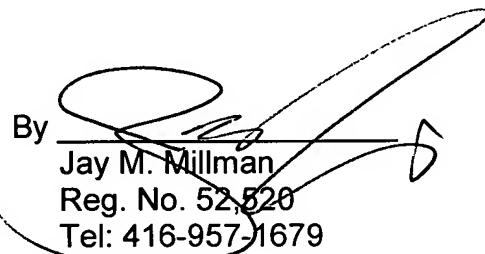

The following is a summary of a telephone interview with the Examiner on June 6, 2005. Applicant notes that the due date to provide the summary is July 6, 2005. Accordingly, this Telephone Interview Summary is timely filed.

**Interview Summary:**

During the telephone interview on June 6, 2005 between the applicant and the Examiner, the applicant suggested amending claim 1 to specify that closing the valve in the Ice Painting Device in accordance with the present invention prevents paint from flowing in the portion of the device that is downstream from the valve. The applicant explained that this feature was not taught or suggested by Graff. Although the Examiner agreed that this was not taught by Graff, the Examiner did not commit to allowing the claim amendments suggested by the applicant, and explained that any allowance would be based on a review of the claims by her supervisor. Thus, no agreement was reached during the telephone interview.

The applicant has filed a written response to the Office Action dated March 17, 2005 prior to receiving the Examiner's interview summary. Accordingly, the applicant's interview summary is being filed separately from the applicant's response.

Respectfully submitted,

By
